

Two Industry Leaders Providing You The Power of One

The Power of MVR and CSA Monitoring in a Single Report

INTRODUCING ROADSIDE RESUME®

Bringing **CSA Daylight Suite** together with **Driver Risk Management (DRM)** provides you with the complete picture of safety, risk and compliance.

A single commercial driver profile displaying CSA scores, MVR citations, actions, endorsements, medical certificates, training, progress and more—Roadside Resume is your comprehensive view of a commercial driver's compliance, risk, and safety profile.

DRIVER MONITORING JUST GOT EASIER

Providing you with continuous MVR and CSA driver monitoring in one convenient place:

- View your drivers in a single risk and safety dashboard
- Drill down to comprehensive individual driver profiles
- Stay ahead of deadlines, expirations and renewal dates
- Gain faster response time with automated alerts
- Improve driver performance with integrated training
- Ensure only qualified drivers operate company vehicles
- Access integrated public, telematics and other third party data sources

One Comprehensive Driver Profile. Get Started!
