

SambaSafety End User Consent to Provide Access to California Electronic Pull Notice Data

_____ **[Insert Name of End User]** (“End User”) consents to allow _____ **[Insert Name of Service Provider]** (“Service Provider”) to access and transmit California Electronic Pull Notice Data (“EPN Data”) obtained through End User’s California Commercial Requester Account and stored in the SambaSafety driver monitoring platform for the purposes of providing services on behalf of End User in accordance with state and federal law.

End User will maintain in file either: (i) a California INF 1128 signed by the Provider; or (ii) a written agreement between it and Service Provider with terms substantially similar to the terms of the INF 1128 form.

Accepted by: By executing below, End User acknowledges and agree to the terms and conditions listed above.
